- What is "The Men of Yoshiwara"?
This is a popular romance game for women.

- The Story

A closed island where baby boys are not born...

A unique culture that is completely different from the mainland has been flourishing on the island. In the middle of the island, there is a district where men are gathered.

- Some women just want children.
- Others are looking for love.

Knowingly deceived by a lie, and deceived in return, all in a single night's dream.
At the end, to whom is it that you will be talking of love?

- The Guys
TAKAO

Kikura's proud courtesan boasts that there is not a single thing that he cannot obtain. From the age of 8, he grew up in the post-town area of the Yoshiwara district.

TOKIWA

A blond haired boy of a foreign bloodline. Just until the other day was in the top requested, but when a female customer attempted to kidnap him he made a scene. As a punishment, he was moved to Takao's attendant to retrain his skills.

KAGURA

An equal to Takao, a proud courtesan of the Kikuya. He is skilled at fencing, sword dancing, classic calligraphy and is first-rate in all things cultural at Yoshiwara.

KAGEROU

Kagura's attendant is pure and is still in training. He has a sharp tongue and does not dish words of flattery.

IROHA

Certain circumstances lead to him to being sold to the Kikuya. His term of service is over but he is now the manager of the shop. He holds a very serious secret...

HAYABUSA

Hayabusa is the protagonist's childhood friend everyone thought had disappeared, but he had secretly become a courtesan. He is serious and sincere.

- This Game is for You if...

Takao

"Do you really need to think about it? It's only natural for a woman to become beautiful."

the men of yoshiwara kikuya

A heroine, plot lines that make no sense, and as a plot device in every route makes for a game.. Just read SetsunaNoroi review, its just perfectly written.. While this game doesn't make any ground breaking strides in the Otome department, other than throwing you quite literally into a reverse harem, it's still a sound visual novel and it gives you all the good heartfelt feels you could ask for. There are very few typos or text glitches in the game, but that doesn't really make or break it for me. And there's plenty of content to keep you coming back, including extra content with the lover of your choice after the main story that is already included, which is really refreshing.
